How to Review Instructor Feedback in Mobius

This tutorial provides step-by-step instructions on how to navigate and review feedback that your instructor provided on your assignments in Mobius.

1. Navigate to the appropriate assignment and click on the gray box with your score on the assignment. This will take you to the student gradebook.

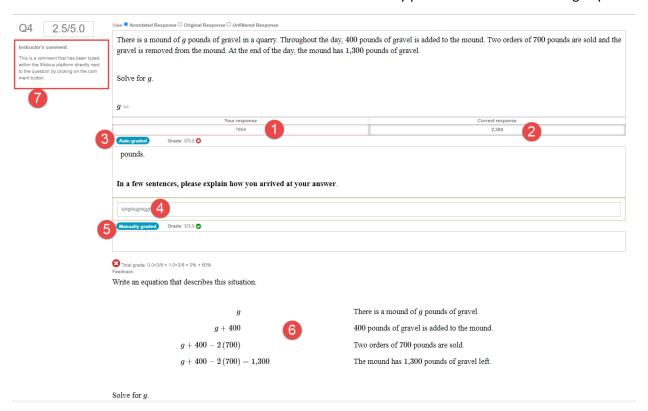

2. From the student gradebook, click "Details" or adjust the "Results" filter to see other attempts on the assignment. If you adjust the filter, be sure to click the "Search" button to refresh the results.

- 3. Once you click "Details", you will be able to see a page with feedback on the assignment. For each question, you will see the following as outlined in the image below:
 - 1. Your response
 - 2. The correct response
 - 3. A tag of "Auto graded" for portions evaluated on correctness only
 - 4. Your explanation (for questions where it is required)
 - 5. A tag of "Manually graded" for explanation portions evaluated by your instructor
 - 6. Mobius feedback on the problem
 - 7. Instructor comments (for manually graded problems) if your instructor provides feedback in Mobius.
 - a. Note: Your instructor may provide this feedback in Brightspace.

Important: You have unlimited attempts on the Problem Sets that you may make before the assignment is due. To make another attempt, simply navigate to the assignment and click "Try Again". Mobius will save all correct answers from your most recent attempt, along with all explanations.
